

# SEWING FOR A BETTER LIFE

VIRTUAL STUDENT FEDERAL SERVICE

Project Title	SEWING FOR A BETTER LIFE
Project Summary	The course given at low cost and with the dressmaking manual has a total of 100 contact hours in theory and practice. This project owes its existence at the request of volunteers of the project "TRAJECITO DOMINGUERO" (Little Sunday Dress).
Country	United States

## Project Description

The sewing course provides the participant with the knowledge and practice to function as an artisan entrepreneur or in the needle industry. The project requires developing the logo and obtaining a permanent location to provide the service on a regular and consecutive basis; In parallel we will make the approaches due to the government to obtain the permits to give certifications approved by the Department of Education.
